## Church Fair Saturday And Sunday Evenings July 11th And 12th

For Benefit of Debt Fund—Church of Our Lady of the Gulf—Public Urged to Attend.

The annual church fair for the benefit of Our Lady of the Gulf Catholic Church, will be held this Saturday and Sunday, July 11th and 12th.

The final preparations for the fair are being made and all of the decorations, etc., are practically completed. Everything points to a very successful fair, and all who are able to attend can rest assured that they will have a very pleasant time and be able to enjoy themselves.

Rev. Father Wm. Clarke is Chairman of the Fair Committee, and the various committees under him are working hard. Donations are coming in very rapidly, and everyone is asked to cooperate in order that the success of the fair may be guaranteed. If you have not been contacted for a donation, take it up yourself, or call Father Clarke at the rectory, and he will have someone call by.

This year's fair will have many added attractions. Instead of the usual Bingo game, Keno will be played. The Committee on candy and cakes reports that, even with sugar rationing in effect, there will be a plentiful supply of these two items on hand.

We sincerely hope that the people of Bay St. Louis and this vicinity, will respond to this cause, as the proceeds derived from the fair are used in the payment of the church debt.

The fair will be held on the church grounds in the rear of the Catholic Church.

## Service Mens' Recreational Council To Have Musical Program on July 27th

Council for Hancock County is sponsoring a musical program to create a fund for the entertainment of soldiers who are in our city from time to time.

The talent is drawn wholly from the Kessler Field musical group and the program promises a rare treat. The committee in charge is looking forward to having a good attendance.

Appearing on the program will be Corporal David Sackson who has been solo violinist with Toscanini, Corporal Harry Churchill, an instructor in piano with the Boston Conservatory of Music. The vocal numbers will be given by Corporals Arden, tenor, W. W. McMichael, baritone, and Chauncey Roth, tenor. This is going to be an unusual opportunity for those who like and appreciate good music and the cause is a worthy one, so there is every reason for the public turning out en masse.

The concert will be held on July 17th, at St. Joseph Academy Hall.

## Ex-Navy Men Allowed To Re-Enlist at Same Rating When Discharged

In connection with a nationwide call for ex-Navy men, Lieut. Kenneth C. Elliott, Officer in Charge, New Orleans Recruiting Station, 304 Custom House Building, announced today that all men having previous service in the Navy, who are under 50½ years of age and who are physically, morally, and mentally acceptable, will be re-enlisted at ratings above those held when discharged. An effort is being made to re-enlist ex-Navy men who were honorably discharged, recommended for reenlistment and whose discharges fell between July 1, 1932 and December 6, 1941.

The Navy is in urgent need of these experienced men, Lieutenant Elliott reported, because of the tremendous expansion of shore establishments, over-seas bases, and sea-going forces.

Ex-Navy men desiring to re-enlist should call at their nearest Navy Recruiting Station, where the Recruiter in Charge has authority to effect such re-enlistments in Class V-6, U. S. Naval Reserve.

## REVIVAL HELD AT LOCAL METHODIST CHURCH THIS WEEK

Rev. E. A. Kelly, Pastor of the Rector, Methodist Church, is holding a revival this week at the local Methodist Church. He is being assisted by Rev. A. M. Ellison, resident Minister. Services are being held each day at 10 A. M. and 8 P. M. The meeting began Sunday morning and will close this evening.

Rev. Kelly is a veteran of World War I, having seen active service in France during that time.

## SELECTIVE SERVICE REGISTRANT

### In Class III-A—May Volunteer For Officer Candidate Training

Commissions in thirteen branches of the United States Army are being offered Class III-A (3-A) Selective Service registrants under the Volunteer Officer Candidate training program announced by Lieut. Col. Lawrence W. Long, State Director of the Selective Service System.

Mississippi has been given an increased quota, resulting in a renewed call for this group of registrants who desire to become officers and at the same time secure the usual basic training before entering the candidate school.

More than 125 Mississippians in Class III-A have already been selected for the Officer Candidate Training and are now undergoing basic training in various camps.

Schools to which successful applicants are sent include Adjutant General School; Armored Force; Cavalry; Chemical Warfare; Coast Artillery; Engineer; Field Artillery; Finance; Infantry; Medical Administration; Ordnance; Quartermaster; and Signal Corps.

"This is a wonderful opportunity for young men with dependents to secure commissions on their own merits and good work," Lieut. Col. Long said. "This enables them to secure what they want by diligent effort and application of their merits."

Rules governing the Volunteer Officer Candidate program follow:

1. All Registrants in Class III-A may volunteer for this training regardless of race.
2. No Registrants can be reclassified so that they may secure the training.
3. Application to Volunteer, Waiver of Dependency, Report of Physical Examination and Induction, Citizenship papers, a statement of not having been convicted of any offense which is a felony under the Federal Laws, three letters of character reference from reputable citizens, all stamped with V. O. C.

4. The applicant must take these forms with him and proceed at his own expense to either Camp Shelby or Kessler Field any Tuesday between 8:00 A. M. and 5:00 P. M. reporting to the Station Commander (preferably at 8:00 A. M. prepared to spend the night).

5. The qualifying examination at the station will consist of a physical examination, general classification test, and appearance before the Board of Officers.

6. The Volunteer will return home, the reports will be forwarded to the Headquarters of the Fourth Corps Area and in turn to the Local Board.

7. If acceptable the Volunteer will be inducted as any other Registrant, and given basic training in a Replacement Training Center for his appropriate Branch of Service. This usually will consist of not more than three months and fifteen days. Promotion to a Corporal occurs the day before entering the Officers Training School.

8. Upon completion of the Officer Candidate Course of some three months, if successful, the Volunteer will be Commissioned in the Army of the United States as a Second Lieutenant. He will be placed immediately on active duty and offered the same opportunity for additional training and promotion as all other successful candidates.

9. If for any reason the Volunteer falls the course or is not successful in his appointment (upon his own application) he will be relieved of duty and not recalled until registration with the same degree of dependency within his community are called for service.

### STATE SUPERVISOR FOR SCHOOL LUNCHES VISITS

Miss Olive Kline, state supervisor of the School Lunches, garden and canning program visited the project here on Monday and expressed herself well pleased with the work.

Miss Caro Weston, county supervisor of the project reports the canning of 5000 quarts of vegetables from the school garden.

## WITH FIGHTING FORCES IN EUROPE

LEO A. SCHINDLER

Private First Class Leo A. Schindler, son of Mr. and Mrs. August Schindler of Bay St. Louis is with the American Expeditionary Forces in Europe. Leo has been in the Army for some time and was home on furlough a while back. Recently his parents received a cablegram from him announcing his safe arrival on the other side.

## Frank B. Pittman And W. M. Palmer, Jr., Inspect Forestry Work in County

Frank B. Pittman, Executive Secretary, of the Mississippi Forestry & Chemurgic Association, and W. M. Palmer, Jr., Forest Management Assistant, U. S. Forest Service, assigned to State Forest Service were in this county Thursday inspecting the forestry project work that has been carried on by D. H. Martin of Kiln, who attended Boys' Conservation School at Percy Quin State Park last season. Young Martin, who finished high school in June of this year, is entering the College Scholarship Contest offered annually by the Mississippi Forestry & Chemurgic Association to boys who have done outstanding work in forestry and who have attended at least one year of Boys' Conservation School.

Mr. Pittman advises that Boys' Conservation School will be held this year at Roosevelt State Park near Morton, Mississippi, during the week of August 10-15. A full team of three boys has been qualified from many of the counties and indications are that the enrollment will be much greater than in the former year. This boys project work in forestry has been well received by the Extension workers and Vocational teachers throughout the State as it has enabled them to enroll many boys in forestry project work.

A brief summary of the essay submitted by D. H. Martin, which was required by this Scholarship Contest, will be published in the next issue of this paper.

## Prospective College Students Will Be Interviewed Here

Prospective college students in the Bay St. Louis area who are considering entering the University of Mississippi next fall will have an opportunity to get first-hand answers to their questions Thursday, July 16, from Dr. W. Alton Bryant, assistant professor of English at the University.

Dr. Bryant will be at the office of K. G. McCarty, county superintendent of Education, Thursday morning from ten to twelve o'clock. He expects to answer questions concerning the regular courses for men and women at the State University, about fees and about the types of military training now being made available there.

## CAMP ST. JOSEPH

At the close of the third week of Camp St. Joseph activities have taken on new life.

The girls have enjoyed a Minstrel Show, truck ride, all-day picnic at the Cue farm through the courtesy of Mr. Emilio Cue. They also attended the mission show at St. Stanislaus which was put on on China Night by one of the Maryknoll priests.

Winners in the Camp tournaments are: Best camper, Mildred Levy; Best helper and horseshoe tournament, Connie Terrell; Camp Penant, Cecile Simons; Irene Wiggins and Joan Swire; Dart tournament, Anna Louise Peterson; Horse shoe tournament, Johnny Marhessean; Ping-Pong horse shoe tournaments, Audrey Shearman; Best Helper and camper, Sylvia Hernandez.

The Indian camp fire put on by the campers was well planned and well carried out. The white men coming to America was very realistic and they were to have been burned at the stake but a friendly pact prevented this and the pipe of peace was smoked.

## BOY SCOUT COURT OF AWARDS

Held Wednesday Night at Bay High School Was Interesting Affair

The Boy Scout Troops of Bay St. Louis and Pass Christian held a Court of Awards at the Bay High School Auditorium on Wednesday night, July 8th, at 8:00 o'clock. Mr. Jos. R. Scharff, Chairman of Advancement, was in charge.

Mr. Steve Kenney, Field Representative of the New Orleans Area of Boy Scouts of America, presided over the court as Master of Ceremonies.

The purpose of the court was to award medals and merit badges to the scouts of Troops 208, 216 and 217. Medals to Second Class Scouts were presented by Mr. H. W. Le Tissier, Assistant District Chairman; those to the First Class Scouts were presented by Rev. Warwick Aiken, of Pass Christian; and the awards to the Sea Scouts were made by Mr. Jack Adamson, Skipper.

Mr. Alden Mauffray, Chairman of Activities, presented ribbons to the troops who were winners in the recent Scout Camporee.

Demonstrations of scout work in the form of sketches were given by Troops 208, 217 and Sea Scouts between presentations.

Credit for the good work being accomplished through scouting in this area, must be given to the Scout Masters, who are Carl Arnold, of Troop 208, Fred Fayard of Troop 217 and Palmer Orr, of Troop 216, Pass Christian and Jack Adamson, Skipper of the Sea Scouts of Bay St. Louis.

Rev. Father A. J. Gmelch is District Chairman of the Bay-Pass Christian area.

The Court of Awards will be held some time during September, the exact date to be announced later.

## SELLERS YOUTH RECENTLY PROMOTED TO CORPORAL

CORPORAL ELGIN DEDEAUX

Corporal Elgin Dedeaux of Co. E, 15th Infantry 31st Division located at Camp Bowie, Texas, was recently promoted from private 1st Class to Corporal.

Elgin is the son of Mr. and Mrs. J. A. Dedeaux of Sellers Community. He is a graduate of Sellers High School and one of the outstanding young men of his section.

He enlisted in the Army February 19th, 1940.

He was last home on furlough on June 16th.

## AT HOME ON FURLOUGH

Emile Piazza, son of Mr. and Mrs. Pacal G. Piazza, arrived home Monday night to spend a furlough of several days with his parents.

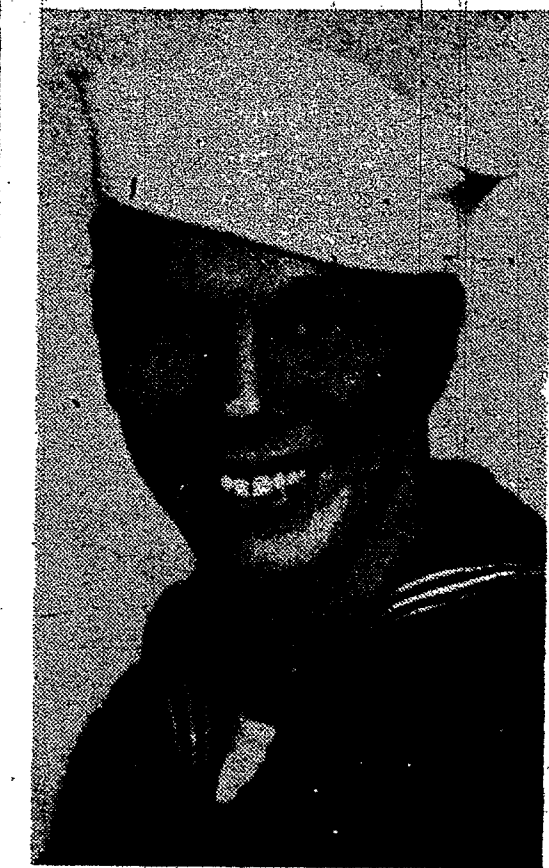

Emile is a Technical Sergeant with the Army Air Forces and is stationed at Langley Field, Virginia. He enlisted on April 8th, 1941 and was first stationed at Orlando, Florida, and from there he was transferred to Springfield, Massachusetts and from that point to his present assignment.

He graduated from Saint Stanislaus in 1939.

## DAUGHTER IS BORN

Mr. and Mrs. A. L. Enterante of Los Angeles, California, announce the birth of a second child, an eight lb. girl, born on Sunday, July 5th. Mrs. Enterante is the former Miss Frances Elliott, daughter of Mr. and Mrs. L. S. Elliott of Bay St. Louis. We wish to extend our congratulations to this young couple and to the proud grandparents, Mr. and Mrs. L. S. Elliott.

## RADIO OPERATOR UNITED STATES NAVY

HENRY LAMAR OTIS

Henry Lamar Otis, son of Mr. and Mrs. Lamar Otis of Logtown, Mississippi, is a radio operator, 2nd Class, in the United States Navy.

Up until a few days ago, Henry was a member of the crew of the United States Ship "Hornet," one of the aircraft carriers located in Pacific waters. His parents received a letter from him a few days ago, advising them that he had been detached to shore duty and was then on his way to his new post.

He reported for duty in the United States Navy at Norfolk, Virginia, on January 13th, 1941. During the time that he was on duty on the "Hornet," he received the Echo regularly, and we received two very interesting letters from him, one written prior to the Midway battle and one immediately following this battle. Of course, we are not in a position to say that he was engaged in this fight, but from news reports and from reading between the lines, we could probably judge that Henry had seen some action.

He has been particularly interested in getting the addresses of the boys from his locality, so that he might write them occasionally. At the present time we are endeavoring to give him addresses, due to the change in his duties from sea to land. However, as soon as we secure his new address, we shall be glad to advise his many friends.

## Home Agent's Notes

### 4-H Club Camp

The Home Demonstration Club, accompanied a group of 4-H club girls, on a three-day camping trip at Perkinson Jr. College. The group will receive training in crafts, and preservation of food and will spend a few hours each day in some form of recreation. Extension specialists from State College will assist with the demonstration and instruction. H. L. Turnipseed, Asst. County Agt., will also have a group of boys in camp.

### Home Dem. Club Picnic

The home demonstration club members of the county held their annual county wide picnic under the beautiful shade trees in front of Mrs. Lewis Ceval's house on Bayou La Croix. Each member brought picnic lunch. The program consisted of games, and fishing. The Home Dem. Agent went over the program of work with the group of women in the afternoon.

### Care of Sewing Machine

So many people, women particularly, are asking this question, "What can I do to help in the war effort? There is one very definite thing that many hundreds of women can do. That is to learn how to take reasonable care of the family sewing machine. A machine costs lots of money, parts are expensive and difficult to get these days, and experienced help for repair work is costly and scarce. Then, too, more sewing will be done in homes this coming year due to the expense and scarcity of ready-mades.

All of this means that a usable sewing machine is needed in the home. A good sewing machine should last a life time at least. The main reason that machines fail to function is the treatment they get. Women are generally afraid to move one single screw or piece on their machines. Few kinds of machinery will function without changes and adjustments. To get the best service out of a sewing machine, a woman should know what every screw is for and how to change and adjust the different parts so as to use the machine for any purpose for which she may have need.

To get the best service out of your sewing machine, study the instructions carefully and learn how to adjust tension, stitches and press perfectly. Protect the head from dust, clean it often as it needs cleaning and oil it each time it is used.

## MR. SAM MAYER DIED TUESDAY, 7TH, AFTER BRIEF ILLNESS

Funeral Services Held In New Orleans Wednesday Afternoon

Mr. Sam Mayer, 67, a native of Montgomery, Alabama, died at his home here on Tuesday afternoon at 3:30 following a brief illness.

Mr. Mayer formerly resided in New Orleans but came to Bay St. Louis six years ago and has made this his home since.

His home in St. Charles street is one of show places of our town as he and Mrs. Mayer are lovers of flowers and grew them with great success and almost every variety of flowers of this section found there. During the short time of his residence here he had endeared himself to the people and was identified with many of the civic movements of the town.

He is survived by his wife the former Miss Georgina Emily Bruichet; one daughter Mrs. Antoinette Mayer Trastour who has made her home with her parents since the death of her husband a few years ago. One son, Sam Mayer, Jr., of New Orleans, three grandchildren Barbara Ann Trastour of Bay St. Louis, Adelaide G. Mayer and Paul D. Mayer of New Orleans. He also leaves a brother A. W. Mayer of Lake Charles, La.

The funeral was held on Wednesday afternoon from the funeral home of Charles Betz and Sons, New Orleans, and a large number of friends of the family went in for the services.

On Friday night, July 3rd, the officers of Pere Le Duc Council No. 1522 of the Knights of Columbus of Bay St. Louis, for the year 1942-1943, were installed.

The ceremonies of installation were conducted by State Deputy, August J. Stone of Natchez, Mississippi, who was assisted by District Deputy, Thomas McCaleb of Bay St. Louis.

The following officers were installed: Fred L. Herlihy, Grand Knight; Carl Arnold, Deputy Grand Knight; Joseph Todaro, Chancellor; Walter Favre, Warden; Rev. M. J. Costello, Advocate; Albert Garcia, Inner Guard; Roger Heitzmann, Outer Guard; Arthur A. Scaife, Joseph Loiacano and Alden Mauffray, Trustees; Thomas McCaleb, Recorder; John B. Blaize, Treasurer; Rev. A. J. Gmelch, Chaplain; Rev. William Clarke, Lecturer; Wallace J. Bontemps, Financial Secretary.

Following the ceremonies of installation, refreshments were served.

## Prominent Visitor From New York City

Mr. Simon Lieberman of New York City, who is connected with the lumber industry in the United States, Canada, England and Russia, and Mr. La Croix, the inventor of the self-sealing gasoline tank, and a business associate of Mr. Lieberman, have been visiting on the Coast with Mr. Walter J. Gex, Jr.

Mr. Lieberman is interested in the firm of Baxter and Wheat and was instrumental and assisted in closing a contract for this firm with the Chevrolet Division of General Motors, for the manufacture of shipping crates for this firm.

Mr. Lieberman came to this country at the beginning of the war from France and formed the Intercontinental Lumber Company of Canada. Since that time he has become interested in the South and speaks highly of the future for this section of the country.

## Hospital Notes

Mrs. J. W. Watts and son were dismissed from the hospital this week.

Ed Faye of Fenton is still confined to the hospital.

Mrs. Thomas Pavolina of DeLisle, is a patient at the hospital.

Mrs. Virgil Cuevas and baby were dismissed from the hospital.

Mrs. Chris Williams who has been a patient at the hospital was sent to the Baptist Hospital, New Orleans. Mrs. Williams announces the birth of a son there on Tuesday.

Bertrand Leger who has been a patient at the hospital was allowed to return to his home on Tuesday.

Mrs. Eldon Moran and infant daughter have been dismissed from the hospital.

Miss Mildred Laughlin assistant nurse at the Kings Daughters Hospital is spending her vacation at her home at Pass Christian.

## HIGHLY ESTEEMED WOMAN DIES

At Mercy Hospital—Funeral Services Held Tuesday Morning

Mrs. Frances Scaife died at Mercy Hospital in New Orleans, on Sunday evening, July 5th, at 3:45 o'clock P. M., after a short illness.

Mrs. Scaife was the widow of the late Andrea Scaife. She was born in Corleone, Province of Palermo, Italy, and came to this country when she was fourteen years of age. She was a daughter of Mr. and Mrs. Gaetano Loiacano. She and Mr. Scaife were married in Donaldsonville, Louisiana in 1896, and since that time resided in Bay St. Louis.

She was the mother of twelve children, nine of whom are living: Arthur A., Assistant Cashier of the Hancock Bank of Bay St. Louis; Mrs. Leo Murtagh of Port Allen,

MRS. FRANCES SCAIFE

Louisiana; Miss Amelia Scaife, who is employed by the United States Government at New Orleans; John A., of Bay St. Louis, who is Asst. motor car maintainer for the L. & N. Railroad Company; Miss Frances Scaife, who is an employee of the United States Government; Mrs. Mary Carter of Bay St. Louis, Deputy Assessor Hancock County; Mrs. Curtis Matherne of New Orleans; Mrs. Leo P. Blaize, of Bay St. Louis, Bookkeeper for the Coast Electric Association; and Mrs. Paul Laguens of New Orleans. Joseph P., the eldest son of the family died while in service during the last World War, and Anthony drowned during a regatta here at Bay St. Louis on July 14th, 1923. The other child a daughter, died at the age of six months.

Mrs. Scaife is also survived by four brothers, Anthony Loiacano of Bay St. Louis; Marion and Sam Loiacano of Orange, Texas; and Lucas Loiacano of New Orleans.

Funeral Services were held on Tuesday morning, with Requiem Mass at Our Lady of the Gulf Church. Rev. Father A. J. Gmelch was the celebrant of the Mass and Rev. Father Wm. J. Clark officiated at the funeral home and at the cemetery. Monsignor Chas. Greco of New Orleans and Rev. Fr. Leo F. Fahey of Hattiesburg, attended the funeral services.

The pall bearers were: Jos. di Benedetto, August Schiro, Forster Commagere, Alden Mauffray, W. J. Gex, Jr., and A. G. Favre.

In the passing of Mrs. Scaife, Bay St. Louis has suffered the loss of a good woman. She attended Mass each morning, her health permitting, and just prior to her death had moved on Union Street, so that she might be nearer to her church. It was our pleasure to have known this lady since our childhood and we can truthfully say that we knew no better wife, nor more loving mother, than she.

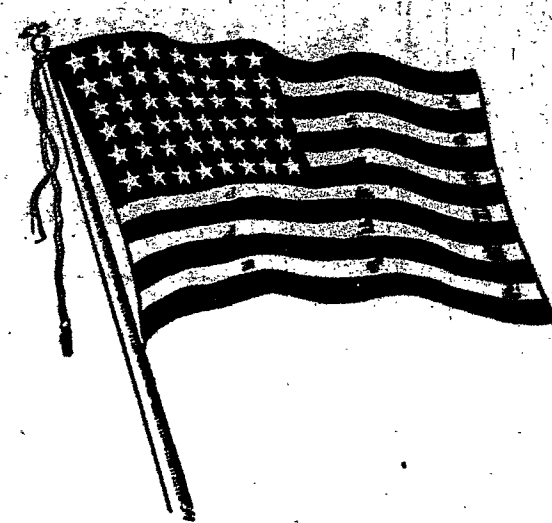

## MR. PAT ROONEY BAND DIRECTOR AT BAY HIGH SCHOOL

Mr. Pat Rooney has accepted the position of Band Director of the Bay St. Louis High School Band.

Mr. Rooney is the former Director of the Carthage, Mississippi High School Band. He was quite successful in the direction of this band, having taken part in the Southern Regional Band Concert at Nashville, Tennessee, where his band won Superior Rating in playing, marching and sight reading. In the State Band Contest in Jackson, the Carthage Band won Superior Rating in playing an Excellent Rating in marching.

The Bay St. Louis School authorities are quite fortunate in securing the services of Mr. Rooney as their Band Director. From all indications, he is a very capable band director, and we know that he will be given proper cooperation, and that his work in Bay St. Louis will be satisfactory and successful.

KEEP IT FLYING!

### WE ARE TOO SOFT AND SYMPATHETIC

DRIVE has been started to rid this country of officers and members of the German American Bund. 57 men were charged in indictments with conspiracy to evade national defense regulations. 26 of these were named in indictments, charging conspiracy to evade the selective service act and conspiracy to counsel bund members to resist service in the armed forces of the United States, and of conspiracy to conceal bund affiliations in filling out alien registration forms.

Among the men charged were, Fritz Kuhn, former national bund leader who is now in prison, and Gerhard Wilhelm Kunze, a bund chieftain who was recently arrested in Mexico, and returned to this country.

The laws of our country are too soft to cope with men of this type—These people have been using every subversive measure possible to undermine our government, and our people. They are agents of our enemies, and should be dealt with accordingly.

It is a joke to put these men in prison for 5 years and fine them a nominal sum.

Congress should move and move fast to place upon our law books, a statute that would provide a death penalty for such activities.

Our enemies would not tolerate action of this type from a person living in their country, and we should not do so here. It is time for a firm and decided stand to be taken in these matters.

Any person living in this country, or anyone professing to be a citizen, who commits any act of betrayal, should be put to death, and we should quit being nice to these folks and quit talking about giving them a five year prison term. We are all prone to allow our sympathy to run away with us.

If, under our present laws, we cannot give them their just deserts, then let us pass some laws that will take care of the situation.

### ADVERTISING A SALVAGE CAMPAIGN

A \$2,000,000 advertising campaign will begin this month to promote the general salvage program in cooperation with the Government.

The Advertising Council, a volunteer group of newspaper, magazine, radio and advertising representatives explains that the \$2,000,000 will be provided by 262 industrial leaders of the American Industries Salvage Committee.

The purpose of the salvage program is to collect scrap, such as old rubber, rags, rope, burlap bags and waste fats. The petroleum, rubber and automotive industries are expected to establish receiving centers.

This is an interesting development of considerable promise to American industry and consumers. Obviously, the scrap potential of the nation has not been realized. Unless the rubber campaign is scored a success, none of the scrap drives have been remarkably successful.

While the purpose of the scrap campaign will be to provide raw material for war needs, there is an excellent prospect, if all Americans cooperate enthusiastically, that the supplies collected will have a direct bearing upon what industry can produce for civilian consumption and what consumers may expect to have available for their use during the next two or three years.

The war effort demands raw materials and scrap, which are usually wasted. They are important.

The nation is spending plenty of money for war but it is better than saving our money and letting Hitler, Hirohito and Co. take over the United States.

It is not imagination to suggest that the fate of the nation depends upon the efforts of every American, whether in the armed services or on the home front.

The men and women of Hancock County who are active in war enterprises deserve the appreciation of the public, those who offer nothing but excuses, merit contempt.

Pious brethren, who worry more about what may happen to the Japs and Germans after what war than they do about what may happen to us during the war, are too pious for words.

### WHAT IS THE HITCH?

THE Legislature at the 1942 Session, enacted House Bill No. 822, appropriating \$500,000.00 as a war emergency defense fund for the Mississippi Civilian Defense Council, to be expended by this Council, for defense, or other war purposes, in event of invasion by any enemy, with which the United States is at war, or in the event of any grave emergency, or threat of invasion, which, in the judgment of the Commission appointed hereunder, requires the expenditure thereof for defense, or offense against; or in aid of defense, or offense against said enemy.

On Tuesday of this week, a committee from the three Coast counties, representing the Civilian Defense Groups of these counties, met with the Commission, composed of the Governor, the Attorney General, the Chairman of the State Tax Commission, the State Auditor and the Secretary of State, who, under House Bill No. 822 are vested with the power and authority to determine when any of the conditions, facts, or circumstances, as set out above, exist, which justify the expenditure of the whole, or any part of the funds appropriated under this act.

The local Committees made application for an appropriation of \$50,000.00 for the purpose of setting up necessary Civilian Defense in the three Coastal Counties. It is our understanding that the request was turned down; the Governor, who is chairman of the Commission, stating that he was guided in all of these matters by the opinion of the Attorney General. And we are informed that the Attorney General stated that, in his opinion, before any expenditure of these funds could be made, that it would be necessary that some disaster occur. We are informed, also, that prior to the conclusion of the meeting, that the committee was told that the door was not closed on them, but that investigations would be made to determine if an emergency existed. We wonder what is going to be necessary to convince the Commission that an emergency might exist; and what is their opinion as to what constitutes an emergency.

The writer was one of a committee who made a trip to Washington for the purpose of securing from the War Department, a statement to the effect that an emergency existed on the Mississippi Coast, so that the Attorney General of our State might know that an emergency did exist. We were able to secure a statement from the Assistant Secretary of War, that, in our opinion should have satisfied the Commission, particularly the Attorney General, that some action should have been taken in this matter. We cannot, and will not discuss the statement or the letter written by the Assistant Secretary of War. However, the Attorney General, who is a very learned man, should have been able to reach a favorable decision from this statement.

Undoubtedly, the Legislature intended that this money should be spent for Civilian Defense. The Counties and the Municipalities are unable to make the necessary expenditures, for the reason that the Legislature provided that counties could spend an amount, not to exceed \$150.00 per month in the smaller counties, and \$300.00 per month in the larger counties, for Civilian Defense. We all know that this is a mere drop in the bucket. We have bridges along the Coast that really need protection. Many agents have been landed along the Atlantic Coast. Why would they not be landed along the Gulf Coast? It is a physical impossibility for the law enforcement authorities along the Coastal Counties to take care of all of the expense incident to the guarding of our coastal line, and since the Legislature saw fit to appropriate \$500,000.00 for defense purposes, it is our opinion that a portion of this money should be spent to assist in the guarding and in the defense of our Coastal Section.

In the event this area should be invaded, what purpose would this appropriation serve after the invasion? We do not believe that the Legislature intended it so. It is our firm belief that there is more back of the action of the Commission, than the mere thoughts or the intentions of the Legislature. Could it be that personal, or political interests are entering into this matter? This should not be.

This section has been designated as a Military Area. Why would this be done, if the military authorities did not believe that it was a vulnerable spot. Why was the order issued to dim out the coast line? Were the military authorities just playing a joke on the people of the Mississippi Gulf Coast, or were they serious in this matter?

If we follow the thoughts of the Attorney General in these matters, we are certain that the military authorities were wrong, and, according to his opinion, there is absolutely no danger at hand, and that not one cent should be expended by the State to assist in the defense, or preparation for defense of our Coastal Section.

We cannot understand the position of the Attorney General in this matter. As to the amount of money requested, it was our belief that an investigation should be made to ascertain definitely the need of certain installations, and to conserve as much as possible, the expenditure of these funds. But, for the life of us, we cannot see how anyone can say that an emergency does not exist along the Mississippi Gulf Coast and that necessary precautions should not be taken to aid in its defense.

It would be far better to be prepared to meet an emergency when it arises, than to have some action by our enemies, taking place, which could have been avoided, if necessary precautions had been taken.

General, This is your baby, and we, down here on the Coast, feel that if anything should happen, it is yours and the Commission's responsibility. As far as we are concerned, we are going to do our utmost to take care of the situation. The State is boasting of having a \$9,000,000.00 surplus. The Legislature has set up the necessary machinery to expend the funds appropriated for defense. And, if you feel that the amount asked of the Commission for the protection of the Mississippi Coast, is not justified because of some peculiar twist of words, or as to what constitutes an emergency, in your opinion, or that it will do more good by remaining in the State Treasury; then, we can say frankly to you—We have made our last call, and the next move is yours.

### Hancock County Men in "The Service"

The Sea Coast Echo wishes to advise the parents or relatives of any of these men that it will gladly mail a copy of the paper to the boys if their address is given to the office. The newspaper will bring direct to the men away from home news of what the folks back home are doing which they may enjoy.

The following list of names was supplied The Echo and should any service man's name be omitted it would be appreciated if it would be sent in.

Over Five Million Dollars

It is often overlooked that our Declaration of Independence and Constitution did much more than establish America's freedom.

Along with our new liberty went responsibility; with our personal and political privileges we also assumed sacred obligations.

There is nothing fixed about freedom—it must be purchased over and over. We are now engaged in a total war to defend our independence, as we face our foes on land and in the sea and air.

Economy and sacrifice are both essential to victory. To keep a substantial cash balance in the bank and invest your surplus in war savings stamps and government bonds is to be patriotic.

Air Raid Maneuvers Elsewhere

THE Birmingham News had this comment to make in reference to recent Air Raid Maneuvers in that city. It seems to fit the situation here in Bay St. Louis and we think it is worth quoting:

"The most significant paragraph of the official report on June 15th air raid maneuvers in Birmingham is the last one, which says in part: 'We hold that the defense force in Jefferson County will be no better than the public makes it.' That statement throws back upon the general public at least a large part of the responsibility for the short comings of the Maneuvers. Many if not more of the short comings had their origin in a lack of enthusiasm regarding the training. In some cases civilian defense workers had not received sufficient training. These are faults which arise in part from public apathy. If the general public is enthusiastic about Civilian Defense those who have volunteered for the work will be more concerned with their training. The public should take this official criticism to heart."

Chief Air Raid Warden Al Cox reports 44 air raid wardens have practically completed their training.

### Colored Casualty Station.

The Promote Hall on Second street has been designated as the Casualty Station for Colored people and is very much in need of cots and mattresses. Anyone having a cot or mattress to donate please get in touch with this office.

The Red Cross is starting its second class in Home Nursing on Friday, July 10th at 2 P. M. in the cottage in Mrs. Briggs' yard, 610 N. Beach. Anyone interested in taking course who did not receive a notice from this office, please consider this your notification and report to class. It will meet on Tuesday and Friday from 2 to 4. Mrs. W. H. Moore will be in charge.

### Former Resident of Bay St. Louis Dies At Gulfport

The funeral of Mrs. H. S. Lilius who died at her Gulfport home last week was held here on Friday afternoon at 2 P. M. in the Catholic Church, rector of the Gulfport Episcopal Church conducting the services. The Lilius family resided in Bay St. Louis for many years and the children attended school here.

Mrs. Lilius was a native of Mobile, Ala., and was 86 years of age. She is survived by three daughters, Mrs. T. Floyd Moore, and Miss Annie Lilius of Gulfport, Mrs. C. S. Breril of New Orleans, and one son, A. S. Lilius of New Orleans. She also leaves seven grandchildren and eight great grandchildren.

### VISITORS AT DELISLE.

On last Thursday, July 2nd, Mr. and Mrs. John Pico paid a visit to Rev. R. J. Sorin at the Catholic Rectory. They had with them their young son, in company with another boy, Herbert Duvic, his friend, who after dinner at Father Sorin's home went to pay a visit to Mrs. Thomas A. Parker and her fine little son, Mr. Thomas Rutledge Parker, who is studying in the same school with Mr. John Pico, Jr. and it was later a delightful meeting of the two families.

## PROCEDURE FOR LOCAL BOARDS

To Classing Men For Induction Into Army Issued

Exhaustion of registrants between 20 and 45 years of age who do not have dependents or maintain a bona-fide family relationship should be inducted by Local Boards before other classifications are called for military service, except in cases where calls for induction have already been planned, Lieut. Col. Lawrence W. Long, State Director of the Selective Service System, said.

"When this group is exhausted, then and then only, should registrants who do not maintain a family relationship but who do have persons financially dependent upon them, be called for induction," he said.

Advising Local Boards that they must meet the Calls for Manpower, the State Director explained that the Boards shall exhaust the group in each category that is 1 then 2 then 3 then 4, before proceeding to the next, unless "there are sufficient unusual circumstances to justify a departure from this general priority of categories for induction."

"It is possible," he pointed out, "that some Local Boards are already on the point of sending married men for induction and cannot substitute single men from various age groups for the present calls, and therefore, married men may have to be inducted so that the calls for Manpower will be met on schedule."

Lieut. Col. Long said that in view of passage of the Servicemen's Dependents Allowance Act registrants should be selected for induction from the following broad categories in the order in which they are described below:

Category 1: Registrants otherwise qualified for military service who have no bona-fide financial dependents.

Category 2: Registrants otherwise qualified for military service who have financial dependents other than wives and children mentioned in categories 3 and 4.

Category 3: Registrants otherwise qualified for military service who have wives with whom they are maintaining a bona-fide family relationship in their homes and who were married prior to December 8, 1941, and at a time when induction was not imminent.

Category 4: Registrants otherwise qualified for military service who have wives and children or children alone, with whom they maintain a bona-fide family relationship in their homes who were married prior to December 8, 1941, at a time when induction was not imminent.

"In the selection of registrants for induction from any of these categories the full facts in each individual case shall be considered and the Local Board (subject to the usual appeals) must judge whether or not there are sufficient unusual circumstances to justify a departure from the general rule or priority for induction," Lieut. Col. Long said.

Under the act and the regulations governing Selective Service, there is no permanent deferment of registrants with dependents, the new procedure merely determining the order in which they will be selected. "After exhaustion of registrants in category one, it will then in turn be necessary that those in category 2 be selected for induction, followed by Category 3 and 4 after the exhaustion of each category," the Director said. "Generally speaking, married men with children will be the last to be called on to service but they can not count on permanent deferment."

Local Boards are instructed to select registrants for induction in accordance with the expressed intent of the Congress," Lieut. Col. Long said.

It was stated that the instructions given with the June Call which requires that men be selected from the different registration groups in proportion to 1-A men is cancelled. "There is no change in any way in the regulations or instructions heretofore issued in regards to deferment for occupational reasons," it was explained.

THE following persons have completed the Red Cross Course in Advanced First Aid of thirty hours with Mrs. Margie Elliott as instructor: Mrs. Ethel Zingerling, Misses Eva and Velma Zingerling, Mrs. E. N. Hollingsworth, Rita Johnson, Mrs. E. B. Moran, Mrs. J. B. Mulzey and Mrs. L. L. Ward.

Owing to the death of Mr. Sam Mayer, the class in Junior Life Saving which was to be held at the Mayer pool, is being held at St. Joseph's Convent pier. Miss Helen Biehl is instructor.

The class in Home Nursing will start Friday, July 10th, at two P. M., at the Nursing cottage on Mrs. Briggs' grounds. The class will meet every Tuesday and Friday at this hour with Mrs. Violet Moore as instructor.

### "WOMAN OF THE YEAR" AT A. & G. SUNDAY AND MONDAY

Spencer Tracy and Katherine Hepburn entertain without letdown for the 112 minutes of this excursion into the up-to-date at the humorous expense of some modern institutions and in the interests of some basic ones, including matrimony. It is a film designed for people who know their way around and what's going on, but it also contains plenty of laughs for all the varieties of customers.

Miss Hepburn portrays with skill and understanding a newspaper woman, columnist and lecturer on world affairs, a character which those who choose to do so can identify as the Dorothy Thompson type.

Mr. Tracy portrays, taking advantage of the technique of understatement, a sports columnist employed by the same newspaper who finds himself, after a battle of wits with the lady, in love with the "woman of the year," ultimately married to her in spite of a difference in opinions as to whether a woman's place is in the home or flitting about the world in quest of the news in the making.

Ring Lardner, Jr., and Michael Kamin, writers of the original screenplay, start out on a sophisticated level and maintain a high pitch of humor throughout save for brief "powerful" intervals of drama. It is well toward the end of the picture when they arrive, normally and effectively, at the seriousness of the basic situation, and the conversion of the fame-stricken wife to the home-loving husband's ideals of domestic solidarity is arrived at earnestly and in convincing manner.

Dialogue is of the best and many episodes rich in amusement on their own belief figure in the continuity. Production is by Joseph L. Mankiewicz and direction by George Stevens, both of whom are entitled to a taking of bows.

Screened for the trade press and the paying guests of the Alex. theatre, Glendale, which has housed more previewers than any other theater in the world but few more successful, in point of audience enjoyment, than this one.—William R. Weaver.

## MEAT...

The main dish for good nutrition

NEEDED FOR VICTORY

MEAT, a richer source of more dietary essentials per average serving than any other single food, is needed in a balanced diet.

For example, vitamin B-1...

One of the above pork chops supplies enough Vitamin B-1, or thiamine, to fulfill the body's needs for that vitamin for one day. Pork is one of the richest known sources of the entire Vitamin B group, including thiamine, riboflavin and niacin.

Selected, quality meat for your good health is our specialty. Visit our market today.

### TO BRAISE:

## CONCRETE STORAGE CELLAR

It's a big convenience and economy to have a concrete storage cellar on your farm. You can enjoy your own fresh fruits and vegetables all winter and add to the Nation's larder.

A concrete storage cellar is long lasting—simple and economical to build. Easy to ventilate and regulate temperature.

We'll gladly send you free plans and instructions to build cellars and other farm buildings.

You can build with concrete. Or ask your cement dealer for names of concrete builders.

Concrete improvements are vital aids in producing more fresh foodstuffs, beef, pork, eggs and milk needed in the war program. Few "critical materials" are needed—many concrete farm improvements require none.

### REDUCTION IN W. P. A. PERSONNEL

#### Quotas To Be Further Reduced in July

Limited administrative funds is the only reason for abolishing the four district offices of the Work Projects Administration in Mississippi, it was announced today by Q. Edward Gatlin, Administrator.

Mr. Gatlin said that the Mississippi district offices at Greenwood, Tupelo, Brookhaven and Hattiesburg would be eliminated as of midnight June 30.

All business which has hitherto been conducted through the district office will be combined in the state office at Jackson—which also will undergo a sharp reduction because of the national retrenchment program, Mr. Gatlin said.

Curtailment of WPA funds under provisions of the relief bill recently enacted by Congress will necessitate a reduction of 4300 project workers in the Mississippi WPA program, Mr. Gatlin said.

This reduction, as great as it is, will still leave a larger quota of workers for July than is permissible under the average monthly figures for the forthcoming fiscal year, Mr. Gatlin explained. Hence, it will be necessary during the month of July to remove 2100 additional workers.

"This will leave the WPA with the smallest working force that it has had since the beginning of the program in Mississippi," Mr. Gatlin said. "Obviously, we must centralize every effort on the highly essential war program."

"The WPA in Mississippi has contributed airports, access roads to camps, other military roads, malaria control for the fighting forces, tent cities to house the soldiers, sea walls and harbor improvements and a host of other essential improvements directly beneficial to the efforts of a nation at war."

"We will select from among the myriad projects which present themselves those which are most vitally essential, and will expend our limited funds and equally limited manpower in that direction."

## FOR VICTORY

### Labor Shortage

A LABOR shortage, especially as applies to farm work, is seen as one of the problems of the country, in the near future. This will affect the farm as well as other lines of business. So many young men are being taken to the army whose places cannot be filled, and such workers, or potential workers, as may be found in the country can find jobs paying higher wages than farmers can afford to pay, hence the difficulty of replacing the farm labor. Yet in the economy of war there is nothing else more important than the farmer, for upon the result of his labor the world must live.

### Much Interest in 4th

The fourth of July, our most universally observed holiday, was honored and celebrated this year with more than ordinary zeal and interest. Our people realize right now as never before what the Fourth of July really means to this nation. It was the beginning of freedom and liberty and the rule of Democracy. On July Fourth 1776 our people began the fight to establish liberty—now we are fighting to hold and maintain that liberty. And we swear by the blood of our ancient fathers that Liberty shall live and the flag of freedom shall wave on. "So help us God."

### Miss. Press Meet

At the meeting of the Mississippi Press Association in Biloxi a few days ago the following named were elected as officers of the association for the ensuing year: George W. Godwin, Jackson, president; W. C. Mabry, Jr., Lexington, vice-president; Mrs. W. H. Anderson, Ripley, secretary; C. N. Harris, Canton, treasurer; H. H. Crisler, Sr., Port Gibson, Chaplain; W. H. Anderson, Ripley, sergeant at arms; Birney Ames, Columbus, was added to the Hall of Fame. President J. L. McCorkle, of Hazlehurst presided over the convention and did, it well.

### WPA Appropriation Reduced

Congress made a substantial reduction in the appropriation to the WPA for the year beginning this July first, and as a result of the cut in the amount of funds State Director Gatlin has announced that it will be necessary to reduce the number of workers in Mississippi by at least 4,300. The number of workers may be further reduced at a later date.

### 1941 Crops Over 11 Billion

Late figures from Washington place the cash income from 1941 crops in the United States at \$11,830,000,000, including livestock and government payments. This is the largest income from that source since 1920 when the total reached \$12,088,000,000. Figures quoted by S. Corley for 1941 shows the crop income in Mississippi to be: Cotton and Cotton Seed \$151,370,000; miscellaneous crops \$16,118,000; livestock and livestock products \$43,365,000; government payments \$24,513,000. Making the total cash income from Mississippi farms \$235,367,000, in the year 1941.

### State Balance 9½ Million

Cash balance in the state treasury to the credit of the general fund on Wednesday, July first, beginning of the new fiscal year and the new biennium, was \$9,694,156.58 with all current bills and appropriations paid. This chalks up a new record for the state at this season of the year. The state tax commission has transferred to the state treasury \$13,104,183.10, in the first six months of 1942, more than was transferred in the same period of 1941. This fine record is said to be the best of any state in the South.

### Retail Sales 2nd High

Figures have been released showing that the retail trade in Mississippi in the calendar year of 1941 reached a total of \$341,172,285, which is the second highest volume of retail business on record for this state. In 1929, the peak year for big things, the retail trade in Mississippi was \$407,986,000. The 1941 increase in retail business was due largely to the increased income on the farms of the state. Mississippi now ranks fourth among the oil-producing states of the South, the volume of crude oil in 1941 being in excess of 15 million barrels. There is much in Mississippi at this time to gratify and encourage her people if only the war would end and bring our boys home to their families.

### Raking Around

The Attorney General has prepared an opinion explaining and clarifying the new absent voters law as it applies to soldiers, and a copy of the opinion is being mailed to all counties. We get an idea of the large amount of sugar used in manufacturing powder when we realize that one shot of a 16-inch gun takes enough sugar to ration a family of four for 15 years. A report from the National Safety Council says that traffic accidents in May shows a

## Waveland News

THIS year the Fourth of July had a special significance. It was celebrated with a deeply patriotic feeling made more than ever intense by the war effort in which our country is now engaged. At no time in our history has the anniversary of our nation's Declaration of Independence been marked by greater sentiment. Waveland had the largest crowd over the week for this great occasion and without any accidents or mishaps.

On Tuesday, July 7th at 7:30 the Novena in honor of our Mother of Perpetual Help began in St. Claire's church and will continue throughout nine Tuesdays.

Lieutenant Kammer U. S. N. is a very proud papa. A fine baby boy was born at "Four" in New Orleans to Katherine Nolan Kammer.

Mrs. A. Foster Fournier, Jr., with her little son A. Foster Fournier, III, left New Orleans last week for North Carolina where she joined Lieutenant A. Foster Fournier, Jr., U. S. Army Air Corps.

Dorothy Simons is now visiting with the C. W. Howards in Abbeville, La. Dot has a large circle of friends there—her old home town.

A family get together met at the home of Captain and Mrs. Cassard—the occasion being to celebrate Frank's birthday, son of the Cassards.

It has been reported that Kenneth McAuliffe 154 Beverly Drive, New Orleans, has been reported missing while serving as a cadet engineer on a merchant vessel sunk in the Caribbean sea. He graduated May 30, 1942, from St. Stanislaus College, where he was star athlete; joined the Merchant Marine immediately and was reported missing eight days later.

The James family were over in their cottage in the Pines.

Mr. C. Phillips is happy again due to the fact that he has been able to secure the part or parts to keep his "out-board motor" operating. Now doing business in the same old way.

The Wm. Dudleys are having to put up with a lot of inconvenience on account of their artesian well being chugged—this means all water supply is cut off.

In the past few weeks many new "wharves" have been built along Waveland Boulevard. The C. B. Penrose and many others.

Mr. and Mrs. W. A. Waldorf are proud to say that their son, Jack, has been appointed by the U. S. Government to Commission Officer, First Lieutenant. Mr. Waldorf formerly held a position as Chief Claim Agent for Pan Atlantic Steamship Co.

Erling Rabe retired from his job and was succeeded by his brother, Morris Rabe, III, son of Mr. and Mrs. M. J. Rabe. Morris will be employed at his father's plant.

Mr. and Mrs. R. P. Glass of 7519 Plum street New Orleans spent the past week end in the M. J. Henry cottage on Sobral street. Mrs. Glass was the former Miss Henry.

Louis Rand Boatwain mate of U. S. N. with J. B. Thompson reports an exceptional "large catch" of black fish.

Among New Orleansians summering on the Gulf Coast is Mrs. Walter Barnes with her children, Noel and Jennifer. Lieutenant Barnes, U. S. Naval Reserve is at present taking a course of study at Harvard.

Among the week end visitors were Henry Dupre and Miss Peggy McGivney of New Orleans.

Mrs. Hazel Lamer's house guests included the La Nazas.

Mr. Robert E. Byrne, Miss Margaret Price, and Miss Sybil Gale were guests of the Misses Byrne and Miss M. E. Shields.

Mr. and Mrs. R. M. Murrill have returned from a trip to Mexico City. But Waveland still has charms for them.

Everyone here were glad to have the Jimmy Russells back for a visit—the family spent the week end in their home.

The Killen Hegers are now occupying their summer cottage. Mrs. Heger and young daughter, Jean, and the family pet dog frequently enjoy their bicycle rides on Beach Boulevard.

Enjoying a week's vacation in the Jones cottage, Waveland avenue, included Mrs. May Oppenheimer, Mr. and Mrs. Hugh Carey, Mrs. May Weber, Mrs. Rose Haller, Mr. and Mrs. Carl E. Stauss.

Mr. and Mrs. Anthony Culotta, Mr. and Mrs. H. H. Benard, are vacationing in the Benard cottage on Waters street for a week's stay.

While Lieutenant John Arthur, U. S. A., is away on duty, his wife the former Florence Keen, is with her parents, Mr. and Mrs. Sam Keen. The Keen family are building a barbecue pit in their garden, 1828 Palmer avenue. They have leased their Waveland home.

## Logtown News

## WITH THE FISHERMEN AND OTHER SPORTS

By KANCHU KETCHUM

MANY reports come in to the effect that good catches of green trout and perch have been made during the past week.

Mr. W. S. Morrill reports catching fourteen nice size trout Monday afternoon, three weighing approximately 2½ pounds. Mr. Morrill duplicated the feat Tuesday on a trip with Mr. Clifford Lyons.

Rev. E. A. Kelly, visiting Rev. A. M. Ellison, enjoyed a fishing trip out on the reefs this week. Rev. Kelly hooked a small shark which gave him a good tussle.

Emile Thomas, Clarence Patey and Bill Brengel spent the week end out fishing in the gulf and report having a good time.

Dr. H. Veith caught a nice bunch of green trout up Bayou La Croix.

J. M. McConnell and son, Jimmy, report a good catch over the week end.

S. T. Neal and E. Bateman of Gulfport while fishing up Jordan river made a nice catch of fresh water fish.

J. Robertson also made a good catch up Bayou La Croix.

Roger Heitzmann tried his luck with the fly rod Monday afternoon. His luck was not much, so he says. He still thinks that he will stick with the speckles and good old slaughter pole.

Alden Mauffray enjoyed the 4th of July holiday Tuesday afternoon fishing up Jordan river. Alden said he brought in seven nice ones. His guest Sunday for a trip was C. J. Gordon of New Orleans.

Otto Buehler, Carlos Green and Luke Elliott of New Orleans spent the 4th fishing off Bayou Caddy coming out for the week end. They caught a few various species.

Enjoying golf over the week were Norwood N. Hingle of New Orleans and L. S. Elliott who enjoyed two rounds at Edgewater Golf. Mr. Hingle visits this section frequently and says he enjoys each trip immensely. Mr. Morris Conn of the Echo force joined them on Saturday.

Among the local golfers, C. C. McDonald, Bob Genin and Oscar Bragg still find time for a game

A HEALTHY ARMY

THE Surgeon General reports that admissions and deaths from disease during the past two years of Army expansion have remained as low as the admissions and deaths from disease in the small Regular Army of previous years.

This is an amazing record when it is considered that millions of men from all parts of the country have been mobilized during these two years and that the Army has engaged in extensive maneuvers.

During the winter there was no general outbreak of flu or other respiratory diseases, and since the winter months admission rates for all causes has dropped nearly twenty-five percent. Venereal diseases rates have declined steadily during the past few months, and the syphilis rate for the first five months of this year is the lowest in the history of the Army.

Even in the Army outside the United States there have been no serious epidemics and only slight rises in admissions due to diseases peculiar to some of the areas where the troops are serving.

## CCC Discontinued

The CCC, one of the first and the best of the New Deal relief agencies, is being discontinued for the duration. The organization was of great benefit in giving employment to needy boys and some aid to their families during the depression years. It did fine work of reforestation and conservation and was generally regarded as being the most efficiently operated of the relief program. But

## ENTERTAIN FRIENDS WITH WEINER ROAST

Phil and Karen Kergosien entertained a group of their young friends at Fourth of July bon fire and weiner roast at the home of their parents, Mr. and Mrs. H. L. Kergosien. Following the weiner roast the young folks returned to the house for dancing.

The guest list included Margaret and Rita Boh, Patsy Gex, Gaynel Gex, Temple Perkins, June Breath, Mary Virginia Perkins, Kay Ford, Bobbie Boh, Lucien Gex, Gerald Gex, Hartwell Gex, Benjamin Hille, Jr., James and Gary Gilmore.

now and then—when the fishing is not so good.

Former Congressman Paul Maloney came out from New Orleans Wednesday for a game of golf at Pine Hills. He was joined by C. C. McDonald, Dad Dedeaux and Bob Genin.

Louis Rand, Boatswain mate of U. S. N. with J. B. Thompson reports an exceptional "large catch" of black fish.

it was felt that there was no place for it in the war program.

## NYA To Continue

The NYA, another depression born agency, which did not enjoy the general approval accorded the CCC, is to be continued, but with emphasis placed almost entirely on defense training. As a result of training the received in the NYA shops, a good many Mississippi boys have found a place in the war program. Some have been sent as far north as Connecticut and to various other industrial centers.

## The War

The weeks news from the war front continues to be bad. But worse than this there is nothing in sight to indicate a reversal of form any time real soon. Those who engage in wishful thinking are wont to predict early conclusions of the war each time there is an allied sweeping defeat of the Axis. The British and Midway engagements by the American naval and air forces. But when one sits down to calmly and analyzes the situation he must realize that the situation will continue until the he must realize that no time since this war has begun has Great Britain ever had enough forces concentrated at any one point to successfully withstand the assault of the gigantic war machine of the Axis powers. This was clearly demonstrated in Belgium, in France, in Malaya, at Singapore, in the Dutch Indies, and more recently at Tobruk, in Libya, and now in Egypt. With

the exception of the surprise attack on Hawaii and the resultant overwhelming forces of the Japs in the Philippines, America has demonstrated her ability to successfully cope with the little brown men of Japan.

But, again, we are face to face with what we have pointed out so many times in these columns, namely: the fact that it is most difficult to fight a war ten thousand miles from our shores. It is therefore apparent that until we can transport the materials of war to the battle fronts in sufficient quantities to at least get on a parity with the Axis the news must continue bad. The British are just as good soldiers as the Germans, or the Japs, or the men of any other army, given the machines and on-thing like an equal force with the enemy. But the trouble is that they have been so far out numbered in both men and materials of war in every engagement-in which they have met the enemy that the result has always been disaster. The American people must therefore realize that the situation will continue until the enormous supply of planes, tanks and guns which we are producing in this country in ever-increasing numbers can be transported to these battle fields and that the news will continue to be on the dark side. When the shipping bottleneck has been eliminated, the submarine evil overcome, and the multitude of war machines produced in this country transported to their

## FORMER STANISLAUS STUDENT REPORTED MISSING AT SEA

The sad news was received here this week that Kenneth McAuliffe, eighteen years of age, son of Mr. and Mrs. D. J. McAuliffe of New Orleans, had been reported missing while serving as a Cadet Engineer on a merchant vessel sunk in the Caribbean Sea.

Kenneth was well known in Bay St. Louis, having been a student at Saint Stanislaus, where he graduated on May 30th, 1942. He was a member of last year's football team. Immediately following his graduation he joined the Merchant Marine, and eight days later was reported missing.

To his parents, we offer sincere sympathy and hope that time will bring them better news, and that their boy will eventually return safely.

It's common sense to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten percent every pay day.

destination the story will be entirely different. Until then we should be prepared for a continuation of unfavorable news.
